METAL GARDEN STATUE

Please read this document carefully and save it for future reference.

This statue is hand-painted metal. Imperfections in the paint is a natural part of the manufacturing process, and rust spots are an intentional part of the manufacturing process and are not cause for return.

Over time, paint finishes will gradually mellow in color; this is part of the natural aging process.

LOCATION

Select a flat, level surface to place the statue. Avoid high-traffic locations, such as areas where children or pets play.

WATER DAMAGE

Water will cause natural erosion to the finish and structure of this unit. Damage and degradation resulting from exposure to water are not covered under the product warranty.

CLEANING

Clean the statue every few weeks to prevent dirt and debris from building up.

1. Remove loose dirt, cobwebs, and debris with a very soft-bristled brush, like a paintbrush.
2. Use a soft, dry cloth to gently wipe away dirt and debris. For stuck-on dirt, dampen the cloth slightly and gently wipe soiled surfaces. Never scrub, use cleaners or abrasive materials to clean this item.

IMPORTANT INFORMATION

- For decorative purposes only. This item is not a toy.
- Store indoors during inclement weather and freezing temperatures.
- Do not use harsh chemicals or abrasive materials to clean the statue.
- Do not use a pressure washer or high-pressure sprayers to clean the statue as it may damage the statue or cause the paint to peel.

Any modification to the product or failure to follow recommended care will void the product warranty.
